Statement of Basis and Purpose

Procurement Policy Board (“PPB”) Rule 3-05 currently sets forth the procedures that must be followed for all sole source procurements above $2,500. Sole source procurement is a method of procurement that is to be used where there is only one source for the required goods, service or construction. PPB Rule 3-05 is being amended to make the sole source procurement rule consistent with recent changes to another PPB Rule, Rule 3-08. PPB Rule 3-08 generally governs small purchases, i.e. purchases under $100,000. Recent amendments to PPB Rule 3-08 changed the amount below which no competition is required for small purchases, from $5,000 to $20,000. In order to be consistent with these changes, PPB Rule 3-05 is being amended to increase the threshold above which agencies must follow sole source procurement procedures to $20,000; above this threshold, agencies must follow the sole source procurement process set forth in Rule 3-05.

Rule 3-05 is also being amended to provide that, for all procurements subject to Rule 3-05, the Agency Chief Contracting Officer (“ACCO”) must provide a description of the process used to determine that only one source was available; a description of the efforts made to ensure that offers were solicited from other sources; where applicable, a statement of intended actions to develop competition in future; and must perform a presolicitation review. Previously, some of these requirements only applied to procurements above specified monetary thresholds ($10,000 or less for goods and services and $15,000 or less for construction and construction-related services).

The Proposed Rule Amendments

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

New material is underlined and deletions are [bracketed].

Section 1. Section 3-05 of Chapter 3 of Title 9 of the Rules of the City of New York is amended to read as follows:

§3-05 Sole Source Procurement.

(a) Conditions for use. Sole source procurement shall be used only when there is only one source for the required goods, service, or construction. In such case, the accepted price and terms and conditions shall be achieved through negotiation between the agency and the vendor. This section shall apply to all sole source procurements over [$2,500] $20,000.

(b) Determination. Prior to entering into sole source negotiations, the ACCO shall make a determination that there is only one source for the required good, service, or construction.
(1) [For sole source procurements of $10,000 or less for goods and services and $15,000 or less for construction and construction-related services, s] Such determination shall include a description of the process by which the agency made such determination,[.]

(2) For sole source procurements above these amounts, such determination shall also include a description of the efforts made to ensure that offers were solicited from other sources, and where applicable, a statement of intended actions to develop competition in the future. The agency shall also perform a presolicitation review pursuant to §2-02.

[(3)] (2) A copy of the determination shall be forwarded within five (5) days of completion to the Comptroller.

(c) Public notice. (1) Notice of intent to enter into sole source negotiations. If expressions of interest are received they shall be evaluated and, if it appears that the good, service, or construction is available from more than a single source, a solicitation shall be issued in accordance with Chapter 3 of these Rules.

(i) Frequency. After the ACCO determines that this procurement method will be used [for purchases in excess of $10,000 for goods and services and $15,000 for construction and construction-related services], notice of the intent to enter into negotiations shall be published in the City Record for five (5) consecutive editions no fewer than ten calendar days before negotiations are expected to begin and shall be posted on the City's website in a location that is accessible by the public simultaneously with its publication. Such notice shall solicit expressions of interest from vendors qualified to compete on that procurement or in the future. This subdivision shall not apply in cases where Corporation Counsel has provided a written statement that such notice may jeopardize pending litigation or collective bargaining.
