Statement of Basis and Purpose of Proposed Rule

The purpose of the proposed rule is to prohibit electronic waste from being set out for solid waste or recycling collection in New York City and to establish that it will be a violation for electronic waste to be placed out for solid waste or recycling collection.

Beginning January 1, 2015, the New York State Electronic Equipment Recycling and Reuse Act (Chapter 99 of the laws of 2010, codified as Title 26 of Article 27 of the Environmental Conservation Law) prohibits persons from disposing of electronic waste as solid waste in the State of New York. This act will prohibit electronic waste from being placed or disposed of in any solid waste management facility, or being placed out for collection for disposal at a solid waste management facility or hazardous waste management facility in the state of New York. Therefore, Department of Sanitation (“DSNY”) seeks to amend its rules to clarify that it shall be a violation for any person to place electronic waste out for solid waste or recycling collection.

Pursuant to section 753 of the New York City Charter, the Commissioner of the DSNY is charged with responsibility for the functions and operations of the City related to waste disposal. Section 1043 of the New York City Charter authorizes agencies to adopt rules necessary to carry out the duties delegated to them by law. Additionally, DSNY has authority under sections 16-118 and 16-120 of the New York City Administrative Code to issue violations to persons who improperly dispose of solid waste.

New material is underlined.
