### **Statement of Basis and Purpose of Proposed Rule**

The Office of Administrative Trials and Hearings' Environmental Control Board (OATH ECB) is proposing to repeal its Fire Penalty Schedule rule, which consists of Fire Penalty Schedule I and Fire Penalty Schedule II. This schedule is found in 48 RCNY § 3-106, and contains penalties for violations of provisions in Titles 15, 28, and 29 of the New York City Administrative Code, and Title 3 of the Rules of the City of New York. At the same time, FDNY is also proposing to enact a Fire Penalty Schedule within its own rules, which will be located in 3 RCNY § 109-03. OATH ECB is in the process of repealing all penalty schedules in its rules at Subchapter G of Chapter 3 of Title 48 of the RCNY so that they can be relocated to the rules of the agencies with rulemaking and policymaking jurisdiction over the laws underlying the violations.

Although OATH ECB is empowered to impose penalties under the New York City Charter and has until now promulgated penalty schedules, the regulatory and enforcement agencies have the necessary expertise to determine appropriate penalties for violation of the rules and of the laws within their jurisdiction based on the severity of each violation and its effect on City residents. Moving the penalty schedule will also make it easier for the public to find the penalties, which will be located within the same chapter as the rules supporting the violations alleged in the summonses. Finally, the proposed rule repeal will speed up the rulemaking process by eliminating the need for OATH ECB approval of proposed or amended

penalties for agency rules that have already been established by the legislature and/or that have already undergone the City Administrative Procedure Act (CAPA) process by the enforcement agency. The public will still have the opportunity to comment on proposed penalties during that process.

Working with the City's rulemaking agencies, the Law Department, the Mayor's Office of Management and Budget, and the Mayor's Office of Operations conducted a retrospective rules review of the City's existing rules, identifying those rules that will be repealed or modified to reduce regulatory burdens, increase equity, support small businesses, and simplify and update content to help support public understanding and compliance. This proposed rule repeal was identified as meeting the criteria for this initiative.
