

NEW YORK CITY TAXI AND LIMOUSINE COMMISSION

Notice of Promulgation

Notice is hereby given in accordance with section 1043(b) of the New York City Charter (“Charter”) that the Taxi and Limousine Commission (“TLC”) promulgates amendments to the rules that correct typos, fix certain cross-references and update certain obsolete provisions. This rule is promulgated pursuant to sections 1043, 2303 and 2304 of the Charter and section 19-503 of the Administrative Code of the City of New York. This rule was published in the City Record on November 18, 2022, for public comment. On December 21, 2022, a public hearing was held virtually by the TLC.

The rule was adopted by the Commission on January 25, 2023.

STATEMENT OF BASIS AND PURPOSE OF RULES

The TLC is amending its rules to:

- Replace obsolete terms like “TLC Tribunal” and “TPEP” with current, plain-English definitions and references;
- Fix typos and inaccurate cross-references;
- Repeal obsolete sections (for example, two-way radios in taxis are no longer in use but they are still referenced in TLC’s rules);
- Clarify ambiguous rules. For example, TLC will calculate the duration of a one-year suspension using the date of the violation as the beginning of the one-year period, as opposed to the date of the conviction; and
- Repeal a statement regarding TLC jurisdiction as unnecessary and redundant, as the agency jurisdiction is defined by the New York City Charter.
- Allow taxi drivers to use smartphones to accept dispatches, as recommended by the Medallion Task Force. This proposed change would remove discrepancies between sectors and align with existing industry practices.
- Remove inspection requirements where six or more repairs of the technology have been necessary in the previous thirty days. TLC rules already require technology systems to be operational and the current iteration of the rules implies that TLC’s Safety & Emissions would be an option for such a repair, which is inaccurate.
- Update references to obsolete driver status codes entered on technology systems (on-duty, off-duty and on-duty unavailable) to reflect current industry practices (log in, log off and log in but marked unavailable for street-hail).
- Specify that the meter is not engaged for trips dispatched by bases to street hail liveries. Trip records for dispatched trips are submitted by the base, therefore engaging the meter created a duplicate trip record.
- Clarify that taximeter businesses can hack up street hail livery vehicles pursuant to the taximeter rules.
- Transfer responsibility for withholding and remitting Taxi Improvement Fund (“TIF”) payments and Street Hail Livery Improvement Fund fees from medallion owner to Technology System Providers (TSPs) and E-Hail companies, as recommended by the

Medallion Task Force. This change is analogous to recently amended state law holding TSPs responsible for collecting and filing returns for state-imposed surcharges. The proposed rule also adds a penalty for failure to comply with this requirement. This portion of the rules was edited in response to public comments to clarify the 60-day timeframe within which a TSP must remit the TIF surcharges collected to the TLC. This portion of the rules was also edited in response to public comment to reflect the reality that the TSPs should not be held responsible for TIF payments that were never collected by those TSPs (this can be an issue where trips are paid in cash). Finally, this revision to the rules also emphasizes that the Medallion Owner is ultimately liable for any unpaid Taxi Improvement Fund surcharges.

- EZ-Pass is required in medallion taxicabs and Street Hail Livery vehicles, but not For Hire Vehicles. These rules eliminate that disparity and clarifies what FHV passengers are obligated to pay for tolls and how they are protected from overcharges.
- Hold agents jointly and severally responsible for violating medallion taxicab service rules when acting in the capacity of a medallion owner.
- Require medallion leases to be written in clear and unambiguous language to avoid conflicts resulting from unclear or misunderstood terms.
- Require taxi lease side-agreements to be in writing.
- Specify what constitutes a “reasonable” taxi lease cancellation charge.

The Commission’s authority to promulgate this rule is found in sections 2303 of the New York City Charter and section 19-503 of the New York City Administrative Code.
