Notice of Adoption

NOTICE OF ADOPTION of rules relating to DOT's Dining Out NYC program.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the New York City Department of Transportation ("DOT") by Sections 1043 and 2903 of the New York City Charter ("Charter") and in accordance with the requirements of Section 1043 of the Charter that DOT hereby repeals the entirety of subchapter F of chapter 2 of Title 6 of the Rules of the City of New York ("RCNY"), adds a new chapter 5 to Title 34 of the RCNY, repeals subdivision (j) of section 2-14 of chapter 2 of Title 34 of the RCNY and amends section 3-01 of chapter 3 of Title 34 of the RCNY.

Statement of Basis and Purpose of Adopted Rule

In accordance with Local Law No. 121 for the year 2023 ("Local Law 121"), DOT is adopting rules relating to its permanent outdoor dining program. In 2020, the temporary Open Restaurants program was established pursuant to an emergency executive order in response to the COVID-19 pandemic. During the height of the pandemic, the temporary Open Restaurants program was a critical lifeline for communities and businesses as they navigated the effects of this devastating crisis. The program aided restaurants in recovering from this difficult economic time, enhanced social distancing and promoted open space. It quickly evolved from a response to the COVID-19 pandemic to a reimagination of the City's streetscape to support small businesses, while creating vibrant public spaces that improve quality of life for all New Yorkers.

This adopted rule sets forth requirements for the granting of licenses and revocable consents for sidewalk and roadway cafes, establishes siting and design criteria for sidewalk and roadway seating areas, and sets forth the compensation required to be paid for the granting of a revocable consent for the operation of a sidewalk or roadway cafe.

Specifically, the amendments being adopted:

- Repeal the entirety of subchapter F of chapter 2 of Title 6 of the Rules of the City of New York, which encompasses outdated rules relating to the granting of revocable consents and licenses to operate a sidewalk cafe.
- Add a new chapter 5 to Title 34 of the Rules of the City of New York in relation to the administration and operation of an outdoor dining program. Specifically, among other things, the adopted rules:
 - Establish the application requirements and set forth the application process for the granting of licenses and revocable consents for sidewalk cafes and roadway cafes in accordance with Local Law 121;
 - Set forth the annual compensation for revocable consents for sidewalk cafes, enclosed sidewalk cafes and roadway cafes in accordance with Local Law 121;
 - Set forth operational and management requirements for sidewalk cafes and roadway cafes in accordance with Local Law 121, including but not limited to requirements relating to hours of operation, alcohol consumption, and seasonal operating restrictions for roadway cafes;
 - Establish operational and management requirements for sidewalk cafes and roadway cafes, including but not limited to requirements related to maintenance, noise, lighting, abandonment, and accessibility;
 - Establish siting and design requirements for sidewalk cafes and roadway cafes, including but not limited to clear path requirements for sidewalk cafes, required clearances, requirements for lighting and electrical connections, barrier and flooring requirements for roadway cafes, and requirements for awnings, coverings, umbrellas, and screenings; and

- Establish enforcement procedures, such as processes for corrective action requests, suspensions and revocation, and removals.
- Amend section 3-01 of chapter 3 of Title 34 of the Rules of the City of New York to set forth penalties for violations of rules relating to the outdoor dining program in accordance with Local Law 121.
- Establish requirements for temporary outdoor dining setups authorized to continue operating pursuant to Local Law 121, which were previously adopted on an emergency basis pursuant to subdivision i of section 1043 of the Charter.

These adopted rules replace subchapter F of chapter 2 of Title 6 of the Rules of City of New York, relating to the granting of revocable consents and licenses to operate sidewalk cafes.

The proposed rule was published in the City Record on October 20, 2023, and a public hearing was held on November 20, 2023. DOT received written or verbal comments from the public. Following the hearing, DOT made the following revisions:

Notwithstanding section 5-05 of these rules, a petition for a consent to establish a sidewalk cafe located entirely on a sidewalk widening, as demonstrated to the satisfaction of the Department, will be reviewed and approved pursuant to section 5-07 of these rules, except that a public hearing is not required.

§ 5-07 Roadway Cafe Revocable Consent Review Process.

(a) Department Notice. The petition for a roadway café revocable consent filed with the Department must be complete and accurate, as determined by the Department. The Department will, within 10 business days of the filing of a complete and accurate petition to operate a roadway cafe, forward such petition by electronic mail to the Council Member in whose district the roadway cafe is proposed to be

located, and to the Community Board for the community district in which the roadway cafe is proposed to be located.

(b) Comment Period. The Community Board and the affected Council Member may submit comments to the Department not later than 30 days after receipt of such petition.

(c) Department Review.

(1) Prior to granting a petition for a revocable consent to operate a roadway cafe, or for renewal of such a revocable consent, or for modification to the location of a roadway cafe or to increase the area of a roadway cafe by ten (10) percent or more, the Department will hold a public hearing. Notice of such hearing will be published by the Department at the expense of the petitioner in accordance with section 371 of the Charter.

(2) During the Department's review, the Department will send the petition to other agencies whose operations may be impacted by such petition for review and comment. The Department will approve the petition, disapprove it, or approve it with modifications.

(3) Notwithstanding the foregoing, the Department may deny a petition for a revocable consent to operate a roadway cafe without a hearing if, in the sole judgement of the Commissioner, the granting of such revocable consent would interfere with the use of inalienable property of the City (including but not limited to roadways and sidewalks) for public purposes or would otherwise not be in the best interest of the City.

§ 5-08 Temporary Authorization to Operate.

(a) Lapsed or Terminated Revocable Consent. Where an applicant for a license to operate a sidewalk cafe or roadway cafe submits a complete and accurate petition for a revocable consent to operate a sidewalk cafe or roadway cafe for which a revocable consent granted to another person has lapsed or was terminated, such applicant may operate the sidewalk cafe or roadway cafe at such premises pending the approval such petition, provided all of the following requirements are satisfied:

(1) The plans for the cafe, submitted with the petition as required by paragraph (2) of subdivision (c) of section 5-04 of this chapter, are the same as the plans for the cafe for which a revocable consent to operate was granted previously.

(2) Where the petition is for an enclosed sidewalk cafe, the structure of such enclosed sidewalk cafe is the same as the structure of the enclosed sidewalk cafe for which a consent had been granted previously.

(3) The petitioner makes a good faith effort to be granted a revocable consent to operate such sidewalk cafe or roadway cafe. The Department may, in its sole discretion, determine that the applicant has not made a good faith effort where the petition for a revocable consent has not been approved within one year from the date of submission due to the petitioner's failure to submit information and materials requested by the Department. If such determination is made by the Department, the application will be deemed to have been withdrawn and the temporary authorization will be terminated.

(4) The previously granted revocable consent has lapsed or was terminated no more than two years prior to the date of submission of the petition.

(5) Where the previously granted revocable consent was terminated by the Department, such termination was not a result of non-compliance with the design requirements set forth in section 5-11 of this chapter.

(b) Comptroller Consent Pending Registration. Where the Department has approved a petition for a revocable consent to operate a sidewalk cafe or roadway cafe, the petitioner may operate such cafe pending registration of such revocable consent by the Comptroller, provided the following requirements are satisfied:

(1) The Comptroller has consented to such operation of the sidewalk cafe or roadway cafe pending registration; and

(2) Where the petition is for a revocable consent to operate a sidewalk cafe, the time for Council to resolve to review such petition has expired, or the Council has resolved to review such petition and has either approved such petition or has approved such petition with modifications and the petitioner has accepted such modifications.

§ 5-09 Annual Fee Rate Schedule

(a) A revocable consent for a sidewalk cafe or a roadway cafe, or a consent to operate a sidewalk cafe located on a sidewalk widening, granted pursuant to this chapter shall provide for compensation to be paid annually to the city during the continuance of the consent. Such annual compensation shall be equivalent to the product of the fee rate and the square footage of such sidewalk cafe or roadway cafe.

(b) There are 4 sectors, as described on the website of the Department. The fee rate for each sector shall be as follows:

<u>Sector</u>	<u>Sidewalk Fee Rate (per square foot)</u>	<u>Roadway Fee Rate (per square foot)</u>

<u>2</u>	<u>\$10</u>	<u>\$8</u>
<u>3</u>	<u>\$18</u>	<u>\$14</u>
<u>4</u>	<u>\$31</u>	<u>\$25</u>

(c) Enclosed Sidewalk Cafes.

(1) A revocable consent for an enclosed sidewalk cafe shall provide for compensation to be paid annually to the city during the continuance of the consent at a rate identical to the rate required to be paid for such cafe as of March 16, 2020 pursuant to the rules of the Department of Consumer and Worker Protection in effect prior to the date these rules take effect, as provided in subparagraphs (i) and (ii) of this paragraph. Such rules establish two zones, and compensation to be paid annually depends on the zone in which an enclosed sidewalk cafe is located. Zone One encompasses all of the area of Manhattan south of, and including both sides of, 96th Street. Zone Two encompasses all of the areas of the City of New York not included within Zone One. The rates in effect as of March 16, 2020 are:

(i) \$5,378.13 for the first seventy (70) square feet plus \$42.02 for every additional square foot of sidewalk space occupied by an enclosed sidewalk cafe in Zone One; and

(ii) \$4,033.60 for the first seventy (70) square feet plus \$31.51 for every additional square foot of sidewalk space occupied by an enclosed sidewalk cafe in Zone Two.

(2) On January 1, 2028, and every 4 years thereafter, the Department may increase or decrease such compensation for an enclosed sidewalk cafe in accordance with increases or decreases in the sector rate.

(2) A CAR may be served by mail or by e-mail on the licensee responsible for the condition which requires correction at the address or e-mail address for such person contained in the records of the Department.

(3) Any corrective action required by the CAR must be performed within thirty (30) days of the issuance of the CAR unless such issuance is protested as provided herein. If the corrective action required by the CAR is not performed within thirty (30) days of the issuance of the CAR and such issuance is not protested, the Department may issue a summons for an uncorrected condition upon reinspection.

(4) Protest.

(i) Within fourteen (14) days after the date of service of the CAR, the respondent may protest the issuance of the CAR by submitting such protest in writing to the Department at the location or address as specified on its website and on the CAR. If the respondent fails to timely protest the CAR and the Department issues a summons for an uncorrected condition, the respondent may be issued a summons for failing to respond to the CAR in a timely manner.

(ii) Protests will be reviewed by the Department and a final determination regarding the protest will be made within a reasonable period of time.

(iii) If a protest is denied, any corrective action required by the CAR must be performed within thirty (30) days after the date of such denial. If the corrective action required by the CAR is not performed within thirty (30) days of such denial, the Department may issue a summons for an uncorrected condition upon reinspection.

(b) Administrative summons. Administrative summons issued by the Department shall be returnable to the Environmental Control Board. (c) Suspension and Revocation.

(1) In addition to any other authorized enforcement procedures, the Commissioner may, after providing notice of intent to suspend or revoke a license and an opportunity to be heard in accordance with paragraph (2), suspend or revoke a license to operate a sidewalk cafe or roadway cafe and order the removal of such sidewalk cafe or roadway cafe for 3 or more violations of the same provision of subchapter 1 of chapter 1 of title 19 of the Administrative Code or these rules within a 2-year period, or for any 6 or more violations of any provision of such subchapter or these rules within a 2-year period. The Department will provide notice to the licensee of the Department's intent to suspend or revoke the license of such licensee no later than 30 days prior to such suspension or revocation.

(2) Opportunity to Be Heard

(i) A licensee noticed by the Department with regard to the suspension or revocation of such licensee's license may request in writing an opportunity to be heard. Such request must be received no later than thirty (30) days following the date of the Department's notice to the licensee that the license may be suspended or revoked. Where the Department does not receive a written request for an opportunity to be heard within such time, the Department may revoke or suspend the license.

(ii) Process.

(A) Where the licensee submits a timely request for an opportunity to be heard, the Department will schedule a date and time, no later than 30 days from the date on which the Department received such request, for such opportunity to be heard, in person at the Department's offices, regarding the suspension or revocation.

(B) The licensee may request, in writing, copies of any evidence relied upon by the Department in determining that the license should be suspended or revoked. Such request must be received by the Department no later than 14 days prior to the date of the opportunity to be heard. The Department will provide a copy of such evidence by mail or electronic mail, as specified by the licensee in its request, no later than 7 days prior to the date of the opportunity to be heard.

(F) The Commissioner's designee will (1) review the Department's decision to issue the notice of intent to revoke or suspend the license, and (2) provide an opportunity for the licensee to present reasons and evidence in support of the challenge to the suspension or revocation. The Commissioner's designee will issue findings of fact and a recommendation following the opportunity to be heard.

(G) Within 30 days of the hearing, the Commissioner or the Commissioner's designee, who will be an employee of DOT other than the employee who conducted the hearing and issued the recommendation pursuant to clause (F) of this subparagraph, will issue a final decision regarding the suspension or revocation. Such final decision will set forth the findings of fact and recommendation of the employee who conducted the hearing and will accept, reject or modify such recommendation. The Department will send such final decision to the licensee via mail or electronic mail within 5 days of issuance of such final decision. Such final decision will constitute a final agency determination that is subject to review by a court of competent jurisdiction pursuant to Article 78 of the Civil Practice Law and Rules.

(3) Notwithstanding any inconsistent provision of this section, the suspension or revocation of a license shall be waived if, upon the submission of satisfactory proof, the Department determines that the person or persons who committed the violations which are the basis for the suspension or revocation acted against the licensee's instructions in committing such violations.

(d) Removal.

(1) **Operating without a License.** The Commissioner may order the removal of any furniture, equipment, structure or other obstruction used in connection with the operation of an outdoor dining area on the sidewalk or in the roadway by a person that is not licensed to operate a sidewalk cafe or roadway cafe pursuant to section 19-160 of the Administrative Code and has no other lawful right to operate an outdoor dining area on such sidewalk or in such roadway.

has an opportunity to be heard within five (5) business days after a timely request for such opportunity is received by the Department. A request must be made within the time and in the manner directed on the order. If, after considering the written objections of the respondent, the Commissioner affirms the order, the action required by the order shall be completed within a reasonable period of time, as set forth in such order, after notice of such determination is mailed to the respondent.

(ii) Where such order has not been complied with within a reasonable period of time as set forth in such order, officers or employees of the Department or the Police Department may remove such furniture, equipment, structure or other obstruction from the sidewalk or the roadway and convey them to a place of safety.

(v) Any furniture, equipment, structure, or other obstructions that is not claimed will be sold at public auction after having been advertised in the City Record for a period of ten (10) days. In the alternative, any such property may be used or converted to use for the purpose of any city, state, or federal agency, or for charitable purposes, upon consultation with the appropriate city agencies.

(vi) The procedures outlined in the preceding subdivisions of this section do not apply to furniture, equipment, structures, or other obstructions determined by the Department to be without worth or value. The Department may immediately dispose of such property at disposal points or places designated by the New York City Department of Sanitation.

(e) Liability of Subsequent Licensees

(1) Any violation for operating an unlicensed sidewalk cafe or unlicensed roadway cafe will be included in the number of violations by any subsequent licensee at the same place of business unless such subsequent licensee provides the Department with adequate documentation in accordance with subdivisions (a) and (d) of section 19-160.5 of the Administrative Code, demonstrating that such licensee acquired the premises or business through an arm's length transaction and that the sale or lease of such sidewalk cafe or roadway cafe was not conducted, in whole or in part, to avoid the effect of violations on such premises or business.

(2) A subsequent licensee is liable for violations by a prior licensee unless such subsequent licensee provides the Department with adequate documentation in accordance with subdivision (d) of section 19-160.5 of the Administrative Code.
