Statement of Basis and Purpose

These amendments revise the definition of “wetland” in DEP’s rules to ensure continuity as the New York State Department of Environmental Conservation (NYSDEC) amends its freshwater wetlands regulations (6 NYCRR Part 664) (“NYSDEC Amendments”) to align the State rules with amendments to the New York State Freshwater Wetlands Act (codified at Article 24 New York State Environmental Conservation Law) (“Article 24 Amendments”) which take effect on January

1, 2025. See Section 19 of Part QQ of Chapter 58 of the Laws of 2022. Under the Article 24 Amendments, as of January 1, 2025, NYSDEC wetland delineations will no longer be based on the NYSDEC mapping process that currently governs such delineations. Accordingly, these amendments are designed to preserve DEP's existing jurisdiction within specified limiting distances from wetlands subject to NYSDEC jurisdiction as of December 31, 2024, thereby maintaining the status quo.

In addition, these amendments add a new subdivision to section 18-17 of DEP's rules that incorporates by reference maps identifying wetlands in the watershed subject to NYSDEC jurisdiction as of December 31, 2024, and makes these maps available to the public for inspection and copying at New York State Department of Health, Office of Regulatory Affairs, Tower Building, Room 2415, Empire State Plaza, Albany, NY 12237. The maps are also available on NYSDEC's Environmental Resource Mapper website: <https://gisservices.dec.ny.gov/gis/erm/>.

Finally, subdivisions (1) through (11) of section 18-17 are also amended to add web page access links to each of the referenced materials.

New material is underlined.

[Deleted material is in brackets.]

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

The text of the Rule follows.

Section 1. Paragraph (144) of subdivision (a) of section 18-16 of Title 15 of the Rules of the City of New York is amended to read as follows:

(144) **Wetland** means [any area mapped as a wetland by the New York State Department of Environmental Conservation pursuant to the Environmental Conservation Law, which is at least 12.4 acres in size or has been designated as a wetland of unusual local importance] an area in the watershed that was mapped by the New York State Department of Environmental Conservation as a regulated wetland on or before December 31, 2024.

§ 2. Section 18-17 of Title 15 of the Rules of the City of New York is amended to read as follows:
