Re: Proposed Rule Amendment §101-03 and §103-10

Dear Associate Commissioner/General Counsel Seghal:

I offer the following comments to the Department of Building's (DOB) proposed rule amendments.

§ 2. Subparagraph (ii) of paragraph (2) of subdivision (b) of section 103-10 of chapter 100 of Title 1 of the Rules of the City of New York is amended to read as follows:

(ii) Individuals, working under the direct and continuing supervision of a licensed master plumber, ~~[with at least five (5) years of full-time experience working under the direct and continuing supervision of a licensed master plumber]~~ holding a journeyman plumber registration issued in accordance with article 409 of chapter 4 of title 28 of the Administrative Code and who [has] have successfully completed a training program acceptable to the Department. Such training program must be no less than seven (7) classroom hours and must include the following course content:

The proposed rule change does not include a mechanism for verification of the inspectors' qualifications regarding training or experience. I request that this section be amended to include such a requirement and propose the following:

(ii) Individuals, working under the direct and continuing supervision of a licensed master plumber, ~~[with at least five (5) years of full-time experience working under the direct and continuing supervision of a licensed master plumber]~~ holding a journeyman plumber registration issued in accordance with article 409 of chapter 4 of title 28 of the Administrative Code and who [has] have successfully completed a training program acceptable to the Department. Proof of such qualifications shall be demonstrated by listing the inspector's journeyman registration and worker wallet numbers on any forms required to be submitted to the Department. Such training program must be no less than seven (7) classroom hours and must include the following course content:

Sincerely yours,  
George Bassolino Plumbing Ltd.
